Corpus Christi “Dreams and Visions” Program

Thank you for your interest in the Corpus Christi “Dreams and Vision” Program. This program is designed to provide parishioners and benefactors the opportunity to financially assist the parish as we plan renovation projects over a specific time period.

Our “Dreams and Vision” program outlines improvements to the parish facilities as prioritized by numerous Corpus Christi parish committees. The intent of the program is to provide parishioners the opportunity to review the proposed projects and provide financial assistance as directed by their generous donation. The donation will assure completion within the timeframe listed.

The “Dreams and Vision” program has been established to be self sustaining and does not receive funding from parish operations. Additionally, projects identified within the program will begin only after funding has been received to complete the respective improvement or renovation as outlined by the benefactor.

We are called to be stewards of our parish property and facilities. This program will ensure that our financial resources will enable Corpus Christi parish to address present and future renovations within a timely manner.

Please feel free to contact Bill Sauve (Parish Council) or Pastor Fr. Carl Schmitt for additional details of our “Dreams and Vision” Program.
